Greetings!

Thank you to the Standard Examiner and our many community-based youth service organizations for their partnership in preparing this Summer Kids Catalog.

Summer is a great time of year for children. It is a time to explore new things, a time for the hours to pass more slowly, a time to be outside and enjoy nature. Each day also has more light to read by. If children have meaningful summer activities that feed their love of learning, give them new experiences, and foster healthy relationships, they will head back to school in the fall ready for a new school year.

We hope some of the learning experiences we have gathered in this catalog will lift the lives of our youth and help prepare them for a successful tomorrow.

Tim Jackson,
United Way of Northern Utah President and CEO
