Greetings!

Thank you to the Standard Examiner and our many community-based youth service organizations for their partnership in preparing this Summer Kids Catalog.

Summer is a great time of year for children. It is a time to explore new things, a time for the hours to pass more slowly, a time to be outside and enjoy nature. Each day also has more light to read by. If children have meaningful summer activities that feed their love of learning, give them new experiences, and foster healthy relationships, they will head back to school in the fall ready for a new school year.

The COVID-19 pandemic has affected our children in many ways, and this summer it will be more important than ever to provide them with enriching activities – while still following Health Department direction as the COVID-19 restrictions for the summer are still unfolding.

We hope some of the learning experiences we have gathered in this catalog will lift the lives of our youth and help prepare them for a successful tomorrow.

Tim Jackson *United Way President & CEO*

Summer Programs for Families at Treehouse Museum*

For Summer 2020, visitors to Treehouse can celebrate the reopening of the Museum with special events planned all summer long (watch for special announcements at treehousemuseum.org). Daily, Treehouse staff and volunteers will be sharing

stories, leading exhibit discovery activities, and offering games (and more) to add to visitor experiences in the Museum's beautiful exhibits. These informal activities are announced as they happen, and visitors are invited to participate as they like. In addition, Treehouse offers special organized programming each day, all free with the price of admission:

RAMPed Up Art in the Treehouse Art Garden

(10:00 a.m. – 5:00 p.m. Monday through Saturday) features fun art projects inspired by the illustrations and stories of children's literature. Projects use a variety of mediums – paint, clay, collage, chalk, pastels, watercolor and paper – an exciting way to further explore popular and classic children's books.

Step on Stage

Theater programs at Treehouse happen Monday through Saturday at 2:00 p.m. (with additional performances added daily, as announced). Daily theater programs feature a variety of interactive experiences in the performing arts including Treehouse ParticiPlays®, puppet activities, occasional guest and traveling performers, and more.

Summer Stretch Activities

(1:00 p.m. and as announced Monday through Saturday) Because over the course of summer break students can actually lose hard-earned academic skills and knowledge, Treehouse Museum offers additional daily, interactive games, theater, stories and art specifically produced to promote skill development and retention
