

# WE PREPARE CHILDREN TO LEARN.

LIVE UNITED<sup>®</sup>

Welcome Baby provides free home visits to families with children ages 0–3, teaching parents positive parenting skills and how to help their children learn necessary skills at every stage of development. Strong families with parents as the first teachers help ensure that kids have the skills they need to continue learning when they enter school.

# WE PREPARE CHILDREN TO LEARN.

LIVE UNITED<sup>®</sup>

The first years of a child's life set the stage for their future success in school and beyond. We help prepare them for a lifetime of learning by supporting parent involvement, providing information through Bright By Text and developmental screenings, and expanding access to high-quality preschool for at-risk children.

# WE HELP KIDS SUCCEED IN SCHOOL.

LIVE UNITED®

We provide Family and Youth Specialists in local schools to help students and families connect with the resources they need. From providing backpacks and warm winter coats to bringing in financial coaches to address ongoing problems, our advocates work to make sure every student has a chance to succeed in school and graduate prepared for a bright future.

# WE HELP KIDS SUCCEED IN SCHOOL.

LIVE UNITED®

Kids who are proficient readers by the end of third grade are more likely to graduate from high school, which prepares them to enter college or career training. We support one-on-one tutoring programs in local schools to help kids catch up to their peers and increase their chance for success in school and beyond.

# WE SUPPORT FAMILIES IN NEED.

LIVE UNITED®

Every year, we provide grant money to local agencies that support the health, education, and financial stability of people in our communities. Funded programs provide a variety of services including meal services, financial coaching, scholarships, mental health and grief support, and crisis shelters.

# WE SUPPORT FAMILIES IN NEED.

LIVE UNITED®

In partnership with Cottages of Hope, we support the SparkPoint Center. This effort brings a full range of services together under one roof to help hard-working, low-income families and individuals get out of poverty and achieve long-term financial stability.
